

TAVANT

Turning Encompass[®] into an Intelligent, Touchless[®] Mortgage Platform

Why Tavant

Tavant helps lenders modernize ICE Mortgage Technology Encompass[®] with automation, AI, and real-world delivery expertise—bridging strategy, execution, and measurable outcomes across origination and servicing.

By the Numbers

20+ years
delivering large-scale mortgage platform transformations

50+ Encompass[®] programs
across Retail, TPO, Correspondent, and Non-QM

30–60% cycle-time reduction
enabled through workflow automation & AI

What We're Showcasing

Encompass[®] Modernization

SDK → EPC API migration, Task-based workflows, and Web-first design

Touchless[®] & Agentic AI

Borrower, LO, and Underwriter AI to reduce manual effort and exceptions

Adoption that Sticks

Branch-level rollout, KPI scorecards, and change management

Execution at Scale

Proven hybrid delivery model aligned to ICE roadmap & timelines

Let's Talk About Moving From Implementation to Intelligent Execution
